

AIR QUALITY PUBLIC HEARING

BAY AREA
AIR QUALITY
MANAGEMENT
DISTRICT

The Bay Area Air Quality Management District will be on hand to solicit community input on:

- The proposed Prevention of Significant Deterioration (PSD) permit for the **Russell City Energy Center**
- The conditions of the proposed permit
- The Statement of Basis document for the proposed permit

Date: Wednesday, January 21, 2008

Place: Hayward City Hall
777 B Street
Hayward, CA 94541

Time: 6:30 pm – 9:00 pm

Air District staff will be available from 6:00 to 6:30 to discuss the project informally and answer any questions.

The proposed Russell City Energy Center is a 600-megawatt, natural gas fired, combined-cycle power plant. The proposed facility would be located at 3862 Depot Road near the intersection of Cabot Boulevard in Hayward.

The plant would consist of two combustion turbine generators, two heat recovery steam boilers, a steam turbine generator and associated equipment, a wet cooling system and a diesel fire pump.

Project documents are available online at www.baaqmd.gov in the Permits section at the bottom of the home page.

For more information please contact Daniel Smith, Public Information Officer with BAAQMD, at (415) 749-5130 or dsmith@baaqmd.gov.
